DOUBLE DECKER RAIL FUTURE?

An example from the Netherlands of the kind of train which could be introduced from Basingstoke to London

TOWN treasures were dusted off for Flog It! filming on Friday.
Rachel Shaw, 29, and three-year-old Dylan (left) joined crowds of hundreds to find out more about their precious possessions.

DOUBLE decker trains could greet commuters on platforms of Basingstoke's station, MP Maria Miller has said.

She revealed the plans for two-storey carriages for London services at a transport summit on Friday in a bid to find answers to the town's traffic problems.

Mrs Miller said: "In the longer term, we should consider double decker trains to be able to really get the most out of the rail network, because the more people we see on the train the more we take congestion off the roads."

Known as bilevel trains, they are used in other European countries such as Germany, France and the Netherlands.

And South West Trains and Network Rail have agreed launching double-decker trains is one of the options on the cards

A South West Trains/Network

Rail Alliance spokesman said: "We know even more needs to be done in order to build for the future, particularly on our main-line services to London, and this would require more trains and improved infrastructure."

"We have therefore been actively working with Government, who decide on the procurement of additional rolling stock and the specification for future franchises, to raise awareness of these issues and suggest innovative ideas for the future, such as the introduction of double-decker trains."

Longer, faster, and more frequent trains were also among the options at the summit.

However Hampshire County Council's executive member for transport, Seán Woodward, has raised doubts as to how realistic the plans are.

"I don't know how feasible or practical it is as there may be tunnelling issues," he said.

"Investment in road improvements is what is significant."

While Basingstoke councillor for South Ham, Colin Regan, has urged for future grand plans to come after less striking improvements to bus links.

Cllr Regan, who sits on the public and community transport working group, said: "There is a big problem with buses in Basingstoke."

"In one half of South Ham there are no buses at all. More buses are what is needed - not double decker trains."

Transport summit hunts for answers

• From front page

He added: "No one in their right mind will give up using their car to use a bus in Basingstoke."

"They are just not frequent enough."

During the transport summit hosted by Mrs Miller at Basingstoke Country Hotel in Hook, staff from transport services and councils met to agree measures for current and future transport issues.

South West Trains, Stagecoach, First Great Western,

By Mathew Di Salvo

mathew@taylornewspapers.co.uk

Basingstoke and Deane Borough Council and Hampshire County Council agreed to set up a local transport group in the borough.

It would act as a decision-making forum made up of representatives from each of the transport groups and local authorities.

Plans to cycle-proof all major

future road works, such as with bike-safe junctions, lanes, or lower speed limits, were also approved on Friday.

While measures to create an improved transport hub at Basingstoke Railway Station with better waiting areas and more buses routed there were also raised.

Mrs Miller added: "It is also clear that residents want to see better waiting facilities and we are looking to see whether we can create a transport hub at

the station by having more buses routed out of the station."

Basingstoke borough council is due to announce details of the transport group when it officially launches.

• On Monday £8.2million was pledged to improve the road and junction at Chineham Park on the A33 by economic growth organisation Enterprise M3.

• While £11.2m works to revamp the M3 Black Dam roundabout started last month to ease the major pinch point.

Police do their bit for Children in Need

OFFICERS from Hampshire Constabulary took on an epic task cycling and running from France to Basingstoke to raise money for BBC Children in Need last week.

On Thursday, November 13, a team of six officers and support staff from Basingstoke, Winchester and Alton police stations travelled to a police station in Alençon - Basingstoke's twin town.

They then cycled 75 miles from Alençon to the port of Caen, hopped on a ferry to Portsmouth and ran the 48-mile remainder of the journey to Basingstoke Police Station.

Paul Scott, a local intelligence officer at Basingstoke Police Station, said: "It was really well supported by everyone involved."

"It was a tough challenge - running through the wind and

rain - especially when we got to Portsmouth.

"Everybody enjoyed it despite having pretty big blisters on our feet."

Regular updates were put on the force's social media accounts to encourage donations.

The force initially set a target of £2,000 but managed to raise over £3,000 after collecting donations from people in France.

Public asked to help shape developer charges

A CONSULTATION asking Basingstoke residents about plans for new charging for developers has launched.

People are being asked their opinions of the Community Infrastructure Levy (CIL) - a new charge that could be imposed on developers in the borough.

The plans are to charge developers up to £150 per square metre to use towards community facilities and infrastructure for every new home built.

A consultation was held earlier at the start of this year, which received around 40 responses.

It is expected that the CIL will be adopted in April 2015.

The consultation is running online at basingstoke.gov.uk/go/cil until Friday, December 19.

Rape reports rise

HAMPSHIRE: Reports of rape in Hampshire have more than doubled in three years, a report revealed yesterday.

Her Majesty's Inspectorate of Constabulary (HMIC) published findings that Hampshire Constabulary has seen a 53 per cent increase in reports of rape from the public.

The figures were released alongside findings that police forces across the UK did not record one in five crimes.

Hampshire Constabulary claimed the rise in rape reports is a sign of confidence in the public reporting such crimes.

Changes in the way rapes are recorded by Hampshire police were announced by Chief Constable Andy Marsh at a Victim Conference on November 5.

It means chief officers will have oversight of the allegations and there will be an independent scrutiny of decision making in incidents where it has been decided there was no crime.

Petition of 200

WHITCHURCH: A petition with over 200 signatures to reopen public toilets in Bell Street, Whitchurch, was submitted at the full council meeting of Basingstoke and Deane Borough Council on October 23.

Eric Dunlop, councillor for Whitchurch, submitted the petition and made a presentation at the meeting.

The cabinet will now consider the petition at its next meeting on December 2.

More recycling

BASINGSTOKE AND DEANE: Four more electrical recycling points have been installed.

New banks can be found at Eastport Park car park, Brighton Hill Shopping Centre, the Red Lion car park in Eastport and Abbey Road shops in Popley.

They are for old electrical items such as kettles, toasters, hairdryers, cameras, lamps, computers, mobiles and fairy lights.

Video game designer puts 'Stoke on map

PEOPLE of Basingstoke will soon have the chance to gun down aliens on their local streets when the town appears in its own video game next year.

The game, called 'Basingstoke', is being designed by independent games studio, Puppygames, headquartered in Notting Hill, London.

'Basingstoke' is described as a "rougelike survival horror" in which you have to escape from the town invaded by Titans - a type of alien featured in the company's previous games.

Puppygames director, Caspian Prince, 41, said: "I had the mixed fortunes of living in Basingstoke for a year whilst we were making Revenge of the Titans.

"Chaz [a Puppygames artist] thought it would be quite funny if Basingstoke was the first place the Titans invaded.

"So now we've returned to Basingstoke as part of the continuing storyline in our fictional timeline."

The game is set to be released in the first three months of 2015 and will be available to play on Windows, Mac and Linux desktops and possibly other consoles too.

Mr Prince added: "Basingstoke, the first of many of Earth's cities, has been invaded by aliens and the great majority of its popula-

tion exterminated by means of a neutron bomb attack.

"You are a lone and lucky survivor, presumably safe on the toilet at the time the bomb detonated.

"And so, under the cover of darkness, you do what any right-thinking normal person would do when they find themselves trapped in Basingstoke, which is to get as far away from Basingstoke as possible."

The game will be "challenging" according to Mr Prince, who first had an interest in computer programming when he was seven years old.

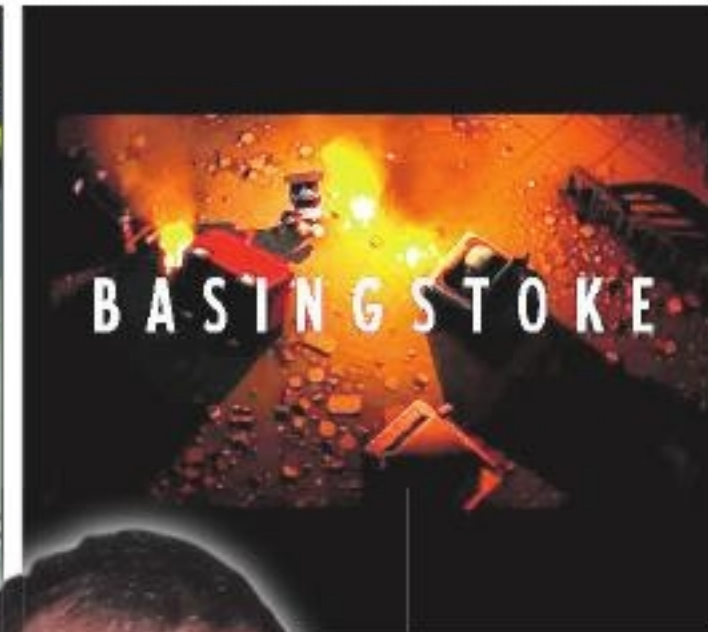

He founded Puppygames in 2002 with Chaz Willets and has since released several other titles.

They describe their computer games as "neo-retro arcade games."

Mr Prince, who now lives in Somerset, admitted that living in Basingstoke helped inspire him to create the game.

"For some reason Basingstoke just stuck with me," he said.

"In truth we are not really trying to make Basingstoke out to be any more horrible than it really is."

The event will take place at the store in 72 Franklin Avenue, from 6pm to 8pm.

Sports ground expansion for growing clubs

DOWN Grange sports complex in Basingstoke could be expanded after a popularity boost in sports memberships.

Extra pitches and facilities could be on the cards for the council-owned ground in Pack Lane, Basingstoke and Deane Borough Council revealed on Monday.

It currently has one artificial turf pitch, an athletics track and a field events arena used by clubs including Basingstoke Hockey Club, Mid Hants Athletics Club, and Basingstoke Rugby Club.

A series of three public consultations has been set for next month for residents to give their views on the expansion plans.

Basingstoke Hockey Club is forced to travel to Eastleigh for Saturday home games as a result of the lack of facilities.

Club member Ruth Crawford said: "We are open to get as much input as we can from the consultation.

"If there are any concerns, we need to hear them now rather than later so they can be addressed.

"We are confident that we have adequate reasons to expand.

"The only barrier is funding at the moment. No environmental issues have been flagged up yet."

Last month Sports minister Helen Grant was given a tour of the grounds by the hockey club to see the town's sporting successes.

The plans will be on show at Down Grange's Maidenwell Pavilion on December 4 from 6pm to 9pm.

They will also be displayed the next day, December 5, at The Malls, from Midday to 2.30pm.

And on December 14 at Basingstoke Rugby Club in Pack Lane, from 10am to Midday.

Basingstoke's cabinet member for partnerships, Cathy Osselton, said: "This is a chance for residents and users of Down Grange to have their say on the proposals by the clubs to further improve the facilities at Down Grange."

An online survey is also running at basingstoke.gov.uk/go/downgrange until December 22.

Flog It! TV crew in town

HUNDREDS of Basingstoke residents queued into Milestones Museum in the hope of turning up the country's unknown treasures on Friday.

antiques show Flog It!

Worting Road's living history museum was full of hopefuls, some longing to sell items to pay for a special holiday.

"We want to go to America in 2016," 32-year-old Bucksland resident Rhian Prall said.

She and mum Caroline Price, of Kempshott Rise, had their silverware and other goods valued.

"We are a big family - there are 16 of us in total including all the kids - so hopefully this will help cover the costs."

Mrs Price, said: "We always try and watch Flog It! when we can."

"We're not sure how much the silverware will cost but it is

intricate and pretty so we are hopeful."

The weekly show regularly draws in an audience of over two million.

Presenter Paul Martin entertained crowds as cameras filmed take after take for the perfect shot.

Presenter Paul Martin told the Observer: "Milestones is brilliant."

"Time stands still in this place, I loved filming here before because the museum is terrific."

"Everyone who works here is passionate about the place, which is great. That's what we need - more civic pride."

Experts valued the items then decided on whether they were worth auctioning.

"I love Paul Martin - he is quite handsome for his age and

so enthusiastic in person," said Ellisfield resident Rachel Shaw, 29, who took three-year-old son Dylan to get her grandmother's charm bracelet valued.

"My grandmother was a landlady at a pub in South Yorkshire. Sailors would bring back charms to her - even if they were married - and she put them on a bracelet."

She added: "I would never sell it, I just want to have it valued."

Ancient rattles, swords and quirky beer mugs were among the items offered up by residents.

Four editions of

Flog It! were filmed on the day, to be aired next year.

It was the second time the show had been filmed in the museum.

Collabro meets Wills and Kate

AN ALTON musician counted meeting Prince William and Kate as a highlight of singing at the Royal Variety Performance on Thursday.

Michael Auger, 24, sang as part of five-strong Britain's Got Talent-winning operatic band Collabro.

They were introduced on stage by Simon Cowell during the prestigious event at the London Palladium and congratulated afterwards by the Duke and Duchess of Cambridge.

"It was absolutely amazing. I still cannot believe it happened," Michael (pictured below) told the Observer.

"Being there with so many iconic people was so great.

"We put everything we had in it and meeting Will and Kate was surreal but absolutely fantastic."

The star-studded line up included Ed Sheeran, Ellie Goulding, Demi Lovato and One Direction.

The band, signed to Simon Cowell's record label Syco, headed to Hong Kong the next day to meet with Sony Asia record executives.

The Royal Variety Performance airs on ITV in December.

Housing estate sparks concerns

By Mathew Di Salvo

mathew@taylornewspapers.co.uk

AN OUTLINE planning application for 130 new homes next to Chineham Business Park has sparked a backlash from councillors.

Plans to create the homes in Crockford Lane were submitted to Basingstoke and Deane Borough Council on November 5 by developers Pal Properties Limited and Savills.

The plans are outline, meaning they do not yet contain all the specifics of the proposal.

But ward councillors have raised concerns that the land is not the right site.

Ward councillor Martin Biermann said: "I think it is an atrocious idea.

"I don't think it is a good mix with the immediate surrounding commercial activities.

"The development will be devoid of real social infrastructure."

A public exhibition with details of the layout was run at Christ Church in Chineham in July.

The land was initially marketed as office space but did not receive any interest.

Councillor Paul Miller, also of Chineham, said: "It is compounding a felony.

• 3D designs of the proposed site

"If you introduce 130 homes, it will only complicate the traffic problem.

"The lack of community facilities will also compound it.

"They are not looking at things in their entirety, that is what makes us frustrated, there has always been a traffic problem."

The councillors also raised fears that doctors would struggle to cope with new patients living at the houses.

And due to catchment area criteria, children from the proposed site would have to attend Great Binfields School in Binfields Farm, despite Four Lanes Community Junior School in Hanmore Road being closer to the site.

Councillor Miller added: "We are tearing our hair out here because catchment areas don't work.

"It is ludicrous."

Councillor Biermann said: "Great Binfields is the school the children would have to attend due to the catchment area and parents will have past Four Lanes school to get to it.

"I don't think there is anything more potty than that. You don't want to start a child's schooling by driving them to school. I am 110 per cent against that."

A target decision date has been set for February 4, 2015.

was fun, bubbly and an integral part of the club - she got the bar up and running.

"We did a Santa run two years back to raise money for the club itself and it was very successful so we thought this would be a great way to raise money for the cause."

The 5k charity run or walk starting at the cricket club in Odiham's King Street will be raising money for the British Heart Foundation.

Around 70 people took part in the run in 2012 when it was arranged to raise money for the club itself.

Mr Thomas said this year the club is expecting around 100 people to take part.

The jog will take people through the villages of Odiham and Greywell before returning to the club to finish.

Anyone can attend, regardless of fitness levels, and even bring along pets.

Mr Thomas, who has played cricket at the club since he was seven, added: "We want people of all ages and abilities to come along to get in the festive spirit."

Entry is £5 for adults and £2 for children.

To take part turn up at the club at Midday to register.

The race starts an hour later at 1pm.

New smoking ban for kids' play areas

A SMOKING ban at children's playgrounds was agreed by Basingstoke councillors last week.

They unanimously voted for the ban at the community, environment and partnerships committee last Wednesday.

Signs are due to be put up around children's playgrounds in the borough to dissuade people from smoking.

It would not be enforced by law but as a voluntary code branded as compulsory.

Popley councillor, David Potter, raised the motion earlier this year.

He said: "We need to get people to think about responsibility in play areas and encourage them to think that they should not subject children to that."

Although in 2006 a smoking ban was introduced in the UK, it does not apply to outdoor areas.

The borough council based the policy on examples of other areas including Halton, near Liverpool, where the council put up signs designed by children.

The council is due to adopt a similar approach.

But it also launched a public consultation on the topic to gauge resident's reactions - in case people decide it is a breach of personal freedoms.

Liberal Democrat councillor Michael Bound questioned the measures: "We don't need public consultation, who could not agree?"

"Signs could go on the play areas tomorrow."

Couple scoops £1m in lottery

A BASINGSTOKE couple who could not afford a honeymoon are now busy applying for family passports after being catapulted to millionaire status by the EuroMillions lottery.

David and Sam Mackie are soaking up the high life after winning £1million and a trip to Australia in the first ever EuroMillions Mega Friday Draw on October 31.

Mrs Mackie had only ever been on a plane to Leeds before.

By Mathew Di Salvo

mathew@taylornewspapers.co.uk

"This is an amazing opportunity," said Mr Mackie, who has two young sons with his wife.

"The more we found out about the trip, the more we realised what a big deal it was.

"I have been to Australia a couple of times but recently only got abroad for stag weekends.

"Sam has only ever been on a plane to Leeds, it really is a once in a lifetime chance and I already have the forms to apply for passports for Sam and our boys."

The couple have been together for five years and married for two and a half.

They initially wanted to go to Las Vegas for a honeymoon but struggled to find the funds at the time.

Now Mr and Mrs Mackie have bought a house on a new development and are preparing for their holiday - flying business class to Australia where they will get a helicopter transfer to Makepeace Island on the Sunshine Coast for two weeks.

Mr Mackie, an IT manager, said: "I usually joke that I am off to check my million when I get the email but this time I didn't. I just said to Sam that I was off to look at my £3.

"I called my wife but she didn't believe me.

"Once she saw my face, and I think I was shaking by this point, she decided to check.

"We both logged off and back on again to the account and the message was still there."

"I stress about mortgages and money and it is completely life changing not to have to worry any longer," he added.

NEW ROAD

OPENING HOURS: MON- SAT 9.00am-5.30pm.

Councillor's Corner

Cllr Martin Biermann

Independent councillor for Chineham

BACK in 1999, Basingstoke and Deane Borough Council (BDBC) and Hampshire County Council (HCC) jointly published a transport document entitled Basingstoke Environmental Strategy for Transport ("BEST") containing many worthwhile sentiments to form the basis of future planning and transport decisions.

But what impact has it had over the last 15 years?

Well, the modest ambition of "creating a well signed urban cycle route network" has hardly got off the ground and in the meantime many more disjointed sections have been created.

So what has happened in recent times? We have had bizarre actions like the complete severance of a popular route to town from Sherborne St John, major refurbishment of the Aldermaston Road roundabout with no cycle provision at all, and new large-scale developments like the current Basing View redevelopment with no material improvement for cyclists approaching from Norn Hill.

It is all very well for Maria Miller to make grand statements in Parliament about "design[ing] cycling into our everyday lives", but what

has she been doing whilst The Malls were upgraded, or ensuring that facilities for cyclists were improved as part of the Black Dam scheme?

And what about the recent proposals to improve the A340 near the hospital?

In the case of the latter two schemes, questions I have put to council officers have all boiled down to it being too costly to include significant cycle user improvements.

They would do more, if the politicians let them.

The biggest scandal remains the lack of proper cycle routes across Basingstoke town centre.

Many studies have shown that improved cycle access and parking enhance economic vibrancy and yet we still seek to exclude cyclists from the Top of the Town.

David Cameron has stated: "This government wants to make it easier and safer for people who already cycle as well as encouraging far more people to take it up and business, local government, developers, road users and the transport sector all have a role to play in helping to achieve this".

Conservative-led Westminster, HCC and BDBC have all lamentably failed so far in this respect

OCT will give accurate diagnosis:

- AMD
- Diabetic Maculopathy
- Macular Hole
- Epiretinal Membrane
- Early detection of Glaucoma

*It is estimated that approximately 2% of people over the age of 40 will have Glaucoma.

*Statistics obtained from The International Glaucoma Association.

What is an OCT scan?

This practice has invested in the very latest OCT scanning technology.

An Optical Coherence Tomography (OCT) scan is a unique test which uses near-infrared light reflected off the retina to produce a high resolution 3-Dimensional scan of the retina and associated structures.

It is particularly useful in the assessment of patients with AMD, Diabetic Maculopathy, early detection of Glaucoma and the management of these diseases. The test is non invasive, quick and entirely painless.

Am I at risk of Glaucoma?

Are you over 40?
Do you have a family history of Glaucoma?
Are you short sighted?
Do you have diabetes?
Are you of African-Caribbean origin?

If the answer is yes to any of these questions, then you are at an increased risk and should definitely have your eyes tested regularly.*

Why has this practice invested in OCT?

We believe this advanced imagery allows us to detect and monitor early stages of diseases and as this examination is not available under the NHS, we make an additional charge for this scan. Please ask for further details.

This assessment of your eyes using OCT Technology will give us the most accurate diagnosis possible and help us give you the best advice to protect your sight and the health of your eyes.

Your eyes deserve the benefits of cutting edge technology available at this practice.

Lagoon of fertilisers raise residents' worries

A HUGE hole in the ground to store farmer's fertiliser could be dug near homes south-west of Basingstoke.

Proposals for a 72metre by 38metre "lagoon" near Upton Grey have been submitted to the borough council's development control bosses for consideration.

The lagoon would be constructed to store up to 20,000 cubic metres of agricultural fertiliser at land at Manor Farm.

But local councillors and residents have spoke out against the proposal by contacting the borough council.

Ward councillor Mark Ruffell said: "I wish to object to this application primarily on the ground that the road network cannot support the volume of large vehicles that will be required to serve this lagoon."

And Tunworth Parish Council said of the plans: "We are writing to you to object to the above application on the grounds that this site is unsuitable for the proposed development and will adversely affect the surrounding area."

The borough council received

By Mathew Di Salvo

mathew@taylornewspapers.co.uk

31 letters of objection to the proposal.

Main concerns are that tanker vehicles travelling to and from the site to deliver the fertiliser could cause danger on the thin country roads and that ancient woodland and trees in the area could be detrimentally affected.

Concerns have also been raised that nature and biodiversity could be negatively affected with the "risk involved with sitting and moving potential pollutant within the site."

Residents have said that they are worried about a possible odour from the agricultural fertiliser too.

And the proposed site is near a footpath used by the public, which Tunworth Parish Council believes is "not a secure location."

It added: "Should this development go forward there will be a negative impact upon users of the Public Right of Way."

A development control committee at the borough council's civic offices in London Road is due to make a decision on the plans today, November 19, at 6.30pm to discuss the proposal.

Medical centres praised in UK awards

BASINGSTOKE'S new £6.5million state-of-the-art radiotherapy unit and a private clinic in the town were named joint runners up in a national award.

The unit at Basingstoke and North Hampshire Hospital and neighbouring Candover Clinic, both in Aldermaston Road, came second last week in the "best acute hospital development" category of the Building Better Healthcare Awards.

The awards celebrate innovative patient care in the UK. They beat over 100 competition entries to be shortlisted.

The new radiotherapy unit was described a "welcoming

and human building."

The judges ruled: "This is a development with nice proportions, which retains a lightness and human scale."

The radiotherapy unit – used to treat cancer – was opened by TV broadcaster Clare Balding earlier this year and treated its first patient in October.

Basingstoke Hospital's private Candover Clinic opened in March.

It has been set up to invest all the money it receives from private services back into the NHS hospital trust.

Hampshire Hospitals NHS Foundation Trust chief executive, Mary Edwards, said:

"The patient environment is very important to a patient's overall experience and this award shows that when given the opportunity, we can create calming and effective spaces based on patient feedback."

"All of the money that we make from the Candover Clinic is invested in our NHS services."

"If anyone is considering private healthcare because they have the funds or have private medical insurance, then I urge you to come and take a look at our clinic – I'm sure you'll be impressed, just as the judges were in this competition."

Fire fighter survey

HAMPSHIRE: Scaling back on fire fighters, or abandoning some fire engines in favour of smaller vehicles are two options included in a new residents' survey on how Hampshire's Fire and Rescue could meet budget cuts.

Residents are being asked for opinions on ways the service could cut £12million.

To review the way it operates it is running a survey of 10 questions until December 7.

Trading in large fire engines for smaller vehicles at some fire stations and reducing staffing levels at certain times – such as between 9pm and 9am – are raised as options in the survey at hantsfirepublicsurvey.com.

What's on in HAMPSHIRE | NEWS

We're off to see the Wizard!

BASINGSTOKE'S amateur theatrical society will be whisking you away to the magical land of Oz at The Haymarket from today.

'The Wizard of Oz', written in 1900 by author L. Frank Baum, is in town until Saturday, November 29.

It tells the story of Dorothy who, along with her dog Toto, is swept away from

jamesr@taylornewspapers.co.uk

her home in Kansas by a tornado to the magical havens of Oz.

She follows the yellow brick road to the Emerald City to meet the Wizard who

may be able to help her return home.

And on route she befriends a Scarecrow, a Tin Man and a cowardly Lion.

Bryn Hughes, who will be playing the Tin Man in the production, said: "All the best-loved songs and characters from the film are brought to the stage, with a cast of talented local performers, as well as a dedicated hard-working

backstage team.

"It's a very technical show with a tornado to create, a revolving Yellow Brick Road, flying monkeys and other magical stage effects."

Bryn added: "I have had a break from performing for a couple of years so I'm really looking forward to the show!"

Judy Garland made her name in the 1939 film of 'The Wizard of Oz'.

The still well-loved film is regarded as one of the best movies of the 20th century.

And Hughes says the film has seen a revival on the stage.

The actor, who has been with Basingstoke Amateur Theatrical Society since 2000, said: "The Wizard of Oz is one of the most popular family films of all time."

"It is always on TV which proves it has really captured the imagination of new generations."

"The show enjoyed a successful revival in the West End recently."

"And the stage version brings all the elements of the film to the theatre, which children will love."

Tickets are priced from £13.

A RELAXED performance of Rapunzel will be at The Proteus Theatre in Council Road next Wednesday, November 26.

Tickets cost £6 and the show starts from 7pm.

Film showing

'AUGUST: Osage County', starring Meryl Streep and Julia Roberts, is being shown at The Basingstoke Discovery Centre next Thursday, November 27.

It tells the story of a family going through crisis with fights starting and secrets revealed.

Two free screenings will take place at 1pm and 3pm.

Dreaming away

THE story of 'Arthur's Dreamboat' is coming to the Central Studio in Cliddesden Road on Saturday, November 22.

Arthur has a dream about a beautiful pink and green boat but no one is interested in hearing his story.

So what does he do to get their attention?

The show starts at 11am with tickets priced at £7.

Last summer on the brink of war

AUTHOR Judith Kinghorn will be at the Basingstoke Discovery Centre on Tuesday to discuss her book, 'The Last Summer'.

It tells the story of Clarissa, who is almost 17, and the spell of her childhood is broken.

But it's also 1914 and the beginning of a blissful, golden summer, which will mark the end of an era.

When Clarissa meets Tom Cuthbert who comes home from university, she is dazzled.

And as their friendship deepens, the wider landscape of political life around them is changing as another story unfolds; the whole world is rocked by a war that changes their lives forever.

Judith said: "I shall be talking about how I came to write about the First World War, and I will also explain my move from London to Hampshire and how my unexpected love of local history inspired me."

'The Last Summer' is Judith's debut novel, which got positive reviews from readers, after its release in April 2012.

By **James Richings**

jamesr@taylornewspapers.co.uk

She added: "I really wanted to write a first person narrative, one set around the time of the First World War and one told from a female perspective."

"I wanted to try and capture a particular voice, create a sense of time and place."

"But it was the setting that came to me before the characters or plot."

"So I suppose that was my starting point: a landscape, an English country house, and a family - and a girl - about to go to war."

The Northumberland-born author, who now lives on the Surrey-Hampshire border, is due to release second novel 'The Snow Globe' in the US next year.

Tickets cost £3 with a book reading at 2pm on Tuesday, November 25.

THE BRODOWSKI QUARTET

"The programme begins with Haydn's String Quartet Op 54 no 2. Haydn's works represent the peak of classical string quartet writing, and this C major quartet is one of his very best. It is followed by arguably Philip Glass' best string quartet, no. 5, which will make a fascinating contrast to the other Philip Glass works performed at The Anvil this month. The concert ends with Dvorak's magnificent American Quartet, written at the same time as the New World symphony"

Victory for the Citigo

WHEN the ŠKODA Citigo was first launched three years ago, it was tipped to achieve great success.

The model was given a score of four and a half stars out of five by Auto Trader Magazine, while Auto Express Magazine went a little further and gave it top marks.

So it's no surprise that ŠKODA enjoyed a fruitful time at the 2014 Green Apple Awards, as the Citigo collected the Best Supermini award.

The frugal, low-emissions Czech city car pipped rivals to clinch the title in the majestic surroundings of the House of Commons in London on November 10.

The awards are run by the Green Organisation, an independent non-profit body that rewards environmental best practice.

Judging was performed by members of the Midland Group of Motoring Writers who singled out the Citigo for its quality, economy and value.

Alasdair Stewart, brand director for ŠKODA UK, said: "We're delighted to accept this award for the Citigo.

"Low running costs and reduced emissions are key factors in the devel-

opment of all ŠKODA products, and this award for the Citigo recognises the advances we're making in both areas."

One Green Apple Awards judge had said: "The ŠKODA Citigo offers a great drive. It is thoroughly practical and has low fuel consumption."

Another added: "The Citigo is the perfect demonstration of how a car can be economical, inexpensive, beautifully built and a pleasure to drive."

Low running costs and minimal emissions have been at the core of its appeal since its launch in 2011.

Offered with a choice of two highly economical engines, CO2 outputs start at just 95g/km, while fuel economy of 68.9mpg is possible on the combined cycle.

Prices for the Citigo range start from just £8,210.

Its titles also include the 2012 Auto Express Car of the Year, the 2012 What Car? Green Award and the 2013 Driver Power Best Small Car title.

End of the road for your vehicle?

Responsible drivers scrap their vehicles at an
Authorised Treatment Facility (ATF).

Because only an ATF can legally scrap a vehicle.

That means any pollutants will be made safe before it's recycled in an environmentally friendly way.

What's more, for certain types of vehicle you'll get a DVLA approved Certificate of Destruction (CoD). A CoD proves the ATF has told DVLA your vehicle has been scrapped and is no longer your responsibility. www.direct.gov.uk/motoring

Your questions answered

Q Do you drive a car under three years old and think you have to service it at a main dealer to qualify for warranty?

A: We use only genuine manufacturer's parts and stamp your service book to ensure your manufacturer's warranty is upheld.

Q Does your car need an MOT but you are not sure if certain areas need attention?

A: Why not book your car in for a service at our fiercely competitive rates and we can ensure that the vehicle is fully compliant for MOT standards.

Call Fastfit Service Centre, Basingstoke, NOW and let us take the worry out of your car maintenance for ever!

Taking care of your motor

FASTFIT Service Centre is celebrating its tenth anniversary at Unit One, Moniton Trading Estate in West Ham Lane.

And the independent automotive specialist is proud to be expanding in a bid to give its customers exactly what they want. "Everything your car needs is here under one roof", explained manager Byron Lewis who, like his team of experts, has spent a lifetime in the automotive industry.

He added: At Fastfit we offer hourly rates which are some of the best in Basingstoke. No job is beyond us and we are quite simply a one-stop shop and more besides. Whether it's an entire engine overhaul or just tweaking the brakes, we will do it, and do it well."

The business is continually expanding and includes a new mobile tyre fitting and home start service. A comprehensive diagnostic service can also be provided and the business issues many dealer level tools ranging

from Ford, Jaguar to Land Rover and Volkswagen.

Fastfit offers everything from MOTs and minor servicing to major repairs and complex engine work.

More complex issues include an Engine Control Unit (ECU) remapping service which makes the vehicle more responsive and smoother to driver. In these tough time, it also slightly increases the miles-per-gallon!

Fastfit Service Centre also stocks a range of budget or performance tyres and it can also custom build stainless steel exhaust systems.

"Come and give us a try. You won't be disappointed," concluded Byron.

What our customers think

• My car had been taken to three different repair centres which was suffering from low power none of them diagnosed the problem. I took it to

these guys for a remap and full exhaust in the hopes it would fix it. It was better but Byron still thought it wasn't right so spent another couple of hours diagnosing it!

He didn't charge me extra and even finished after they should of closed. You just don't get that kind of service these days. Amazing!

Cheers,
Clive Baldwin

• Great service from the whole of the Fast Fit team. They know what they are talking about and are happy to help with any query.

I wanted something activated on my car that was not activated at the factory. A dealer wanted upwards of £100 to do the job. I contacted Fast Fit and they have the same Dealer Software. Done the job quick and for a third of the price!

These guys definitely know what they're talking about and I would recommend them to anyone!

Chris H

• Excellent service! Very polite and great value for money prices! I will recommend to friends and family. If you need your car repaired at the right price don't look any further.

Bison tame Wildcats but mauled by Tigers

BASINGSTOKE Bison continued their run of mixed weekends as they beat Swindon Wildcats 2-1 on Saturday before slumping to a 6-1 defeat at Telford Tigers on Sunday.

The Herd got off to a strong start at home to Swindon, with Aaron Connolly scoring after just two minutes.

Wildcats levelled the match three minutes into the second period, as Tomas Malasinski fired home a one-timed effort.

Bison applied the pressure in the final period, as Connolly added his second by firing low past Swindon's Stevie Lyle.

Malasinski came close to forcing an extra period, but Bison hung on to take a narrow win.

But the weekend would go downhill for Bison on Sunday, as they travelled to Telford to face the English Ice Hockey Premier League leaders.

Tigers' Peter Szabo got the first goal of the game after just 14 seconds to give Telford the lead, which Max Birbraer doubled seven minutes later.

Szabo added his second to make it 3-0 after 10 minutes, before Bison were finally able to get off the mark through Miroslav Vantroba's effort.

Telford managed to re-establish their three-goal lead by the end of the first period, following Rick Plant's goal.

The rest of the match was a closer affair, although Tigers added to their tally through Birbraer in the second period and Szabo in the third to complete their 6-1 victory.

Rose to Dubai

GOLF: Justin Rose will be aiming for a good result as he heads to the European Tour's season finale in Dubai on Thursday.

Rose is eighth in the Race to Dubai standings with just over two million points from 13 tournaments, including his Scottish Open win in July.

Race to Dubai leader Rory McIlroy's 5.4 million points can't be caught heading into the final tournament, meaning the Northern Irishman has won the \$1.25m top prize.

Ladies return

ICE HOCKEY: Basingstoke Bison Ladies will be hoping to make it two wins out of two on Saturday as they travel to face Invicta Dynamics.

Bison won their first game of the season on October 26 with a 7-4 win over Solent Amazons, but have not played since.

They are currently fifth in the Women's National South Division 1 table with two points, while this will be Dynamic's first game of the season.

Hockey win

HOCKEY: It was another win for Basingstoke Hockey Club on Saturday, as they beat Bourne 3-2 at home.

Basingstoke's victory came after a 4-0 thrashing of Southampton the previous week, and means they are now unbeaten in three games.

They return to action this Saturday with a trip to face Yateley.

Rugby success

RUGBY: Basingstoke RFC's third team picked up another win at the weekend as they beat Isle of Wight 10-7 away from home.

It comes after the squad enjoyed a thumping 80-0 triumph against Southampton's second team the previous week.

They play Portsmouth next this Saturday.

Stoke's losing run extends to five

BASINGSTOKE RFC succumbed to their fifth defeat in a row as they lost 38-22 to Hampshire rivals Havant in the London One South on Saturday.

In a rematch of the Hampshire Cup final from April, Havant took the lead through a Pete Living effort, before captain Joel Knight converted his own try.

They pulled further clear as Pat Gains and Ed Wilkins went

over, separated by a Basingstoke penalty kick to get the visitors off the mark.

'Stoke added a try before half-time to make for a 31-8 scoreline at the break.

An improved performance in the second half helped 'Stoke claw back some of the deficit, although Havant also added a try to leave the final result at 38-22.

The defeat leaves 'Stoke second

bottom of the London One South standings with nine points, having not won since their October 4 triumph against Gosport and Fareham.

They will be hoping for an upturn in form as they host Twickenham in the league on Saturday.

'Stoke then get a week off on November 29, before returning to action away to Sutton & Epsom on December 6.

Wintney keep up good run

HARTLEY Wintney put in another strong performance as they beat Guildford City 3-2 on Saturday.

The win means that Wintney have now gone five matches unbeaten in the Combined Counties Premier, and remain seventh in the league standings.

Wintney were in action away to Badshot Lea last night as the Observer went to press.

Elsewhere, Whitchurch United

were beaten for only the third time in the Wessex Premier League this season, losing 3-0 away to Brockenhurst.

It was the Jam Boys worst defeat of the season so far, although they stay top of the league standings with 39 points despite the result.

There was disappointment for Tadley Calleva, who lost for the first time this season following a 3-2 defeat to Cowes Sports.

Calleva dropped to second in

the Wessex Division One standings by a single point as a result, although they have two games in hand over new leaders Fleet Spurs.

Whitchurch have a North Hampshire Senior Cup tie this evening against Stockbridge, while all three teams return to league action on Saturday.

Wintney host Cove, Whitchurch travel to Lymington Town, and Calleva make the trip to Laverstock and Ford.

BRISTOW: IT IS JUST A MINOR BLIP

Town to learn from mistakes in bid to get back to top of the table

MANAGER Jason Bristow believes Basingstoke Town will bounce back from last Saturday's defeat to St Albans City when they make the trip to Hemel Hempstead Town this weekend.

Town slipped to fourth in the Vanarama Conference South after Saturday's loss and are now looking to end a two match winless run in the league.

As the Observer went to print last night, the Dragons faced Vanarama Conference side AFC Telford United in an FA Cup first round replay.

To find out whether Town reached the second round of the competition for only the third time in their history, visit basingstokeobserver.co.uk.

Bristow's attentions now turn to this Saturday and he is backing his players to show a reaction to last weekend's 1-0 defeat at The Soccer AM Stadium.

By Jack Johnson

jack@taylornewspapers.co.uk

He said: "We have got a fantastic group of players who will stick together."

"I am sure it will just be a minor blip for us."

"Even in games we have lost they have responded very well to defeats and learnt from mistakes and that is what we have got to do now."

"It is not a case of reassessing but making sure that we learn from the sloppy start to the game we made on Saturday."

Striker Manny Williams was expected to return from a six-match ban last night and could be involved against 13th-placed Hemel Hempstead.

His return comes at a good time for Town as Liam Enver-Marum faces a further two

weeks on the sidelines with a knee injury, while Lloyd Macklin is struggling with a hamstring strain.

Bristow says Williams' return is like adding a new player to the squad.

He added: "I think we have missed Manny since he has been out the side."

"To have him back is like a new signing at this stage of the season so it is a really good option to have."

"We know how well he keeps possession for us and takes up some really intelligent positions so it is great to have him back in the squad."

Meanwhile, Town have been drawn against fellow Vanarama Conference South side Whitehawk in the third qualifying round of the FA Trophy.

The tie will be played next Saturday, November 29, at The Soccer AM Stadium.
